Qualified EU: Semen qualifying for EU markets

The STg Legend™ Program gives producers early access to our newest and most prized young sires, through our advanced sexed semen product: SexedULTRA 4M®. The STg Legend™ Program producers are also invited to become partners in our proprietary breeding program to create strong genetics and get them into the market faster. Please reach out to your local sales representative for more information about our STg Legend™ Program.

*The semen collections being marketed under this program have gender purity of 96% to 97%.
